SPECIFIC GUIDELINES FOR BEHAVIOR

The rules of the trip are actually quite simple. Basically, be thoughtful, use your head, think as the maturing young adult you are, and avoid situations which could lead to danger or trouble. We have never had issues with any of these guidelines, and we do not expect any issues on this trip. However, we must spell it out so we will all clearly understand. Here goes ...

On this trip:

1. **You are only allowed into the cabin in which you are assigned.** Do not go into other students' assigned cabins (ever) during our journey.
2. **No one is ever allowed to leave the campsite area or hike by themselves without permission from a SAYC staff member.**
3. YouthCUE has a zero tolerance when it comes to alcohol, unprescribed drugs, vaping, or tobacco on our trips, possession or usage. **Period.**
4. YouthCUE has a zero tolerance when it comes to any type of violence, bullying (verbal or physical) and name-calling. **Zero.**
5. Sexual relationships? **SAYC trips are neither the time nor the place.**
6. **We shall expect the highest level of respect in every way to be shared among all participants ...** between ourselves and towards all others we meet.

To avoid any confusion, let's spell it out: *Any student who willingly and knowingly disregards guidelines, becomes a disciplinary problem, or constantly pulls down the morale of the group is subject to being sent home immediately at your own expense.*
